

GROUP DISCOUNT ENROLLMENT FORM

For current members of Home School Legal Defense Association

Although it is possible for your family to be a member of many different homeschooling groups, HSLDA can only register a family with *one* discount group. Please indicate on this form the discount group with which you wish to be listed in our records.

To qualify for our discount, a group must have a minimum of 10 families who either are HSLDA members or are applying for membership (or any combination thereof). If a group drops to fewer than 7 members for more than three months, it loses its group discount status. Each membership is very important to a group that is close to the minimum number (10) of required families. Your decision to switch to another group may adversely impact your original group. For the sake of the groups who plan on your membership and to simplify record-keeping, *we ask that you not switch discount groups more often than absolutely necessary.*

Of course, you are free to join any discount group for which you qualify. If you move or your group disbands, and you know of another discount group you would like to join, ask the leader of that group for a blank copy of this form, fill it out, and return it to us.

Please complete the following information about your discount group:

Group name: _____

City: _____

Administrator: _____

Group number: (Each discount group has a six-digit group number. Newly formed groups do not receive a number until approved by HSLDA.)

Please fill in the following information about your family:

Parents' names: _____

Mailing address: _____

City/State/Zip code: _____

Phone number: () _____ Email: _____

HSLDA membership no.: Membership date: _____ / _____ / _____

Your signature verifies that you desire to be registered as a part of the discount group named above. We will not act on this information unless this form is signed by you.

Signature: _____ Date: _____
